## GAME FEATURES

### Cluster Pays

In this immersive 3D experience, winning clusters can form across multiple sides of the tower, unlocking different possibilities. The base game starts with a 5 row tower featuring 80 dazzling symbols. But during Free Spins, the tower grows to an impressive 10 rows with 160 symbols, doubling your chances for epic wins. Every time you score a win, the action intensifies as symbols collapse downward, making room for new ones to cascade in from above, creating endless opportunities for chain reactions. Wins are triggered with clusters of 5 or more matching symbols, connecting horizontally or vertically - and they can even wrap around the tower for multi-sided surprises.

### Wilds

Unleash the power of Wilds in Crystal Towers! Regular Wilds step in to replace any symbol (except Multiplier Wilds and Trigger Wilds), helping you form incredible winning combinations. The excitement ramps up with Multiplier Wilds - every win they're part of gets multiplied by the displayed value of each Multiplier Wild involved. When a Trigger Wild is part of a winning cluster, it unlocks 10 free spins.

### Free Spins

Get ready for a towering adventure in Crystal Towers Free Spins! Your journey begins with a 6 row Tower featuring 96 gleaming symbols. As Free Spins progress the tower grows taller, reaching a colossal ten rows with 160 symbols. The tower persists throughout Free Spins, keeping the momentum alive. Starting from the second Free Spin, only the bottom one or two rows reset at the start of each spin, while up to ten Wilds are randomly added to the tower, supercharging your chances for massive wins!
