GAME FEATURES

Hold and Spin

Land 6 or more Coins in any position to trigger the Hold and Spin feature with 3 respins to start. Each symbol on the screen becomes an individual reel, revealing additional Coins that may hold prize amounts, multipliers, or the coveted Megapots icons. Every time 1 or more new Coins appear, your respins reset to 3. At the end of the respins, the total prize amount is multiplied by the total of all revealed multipliers to deliver a spectacular bonus. Collect 3 matching Megapots icons to win their corresponding jackpot, and if every reel reveals a Coin symbol, the Hold and Spin ends with your total bonus prize doubled for the ultimate reward!

Megapots™

The Mini, Midi, and Mega Megapots, displayed above the reels, showcase random prizes that change with every spin and can only be awarded during the Hold and Spin feature, adding extra excitement and massive potential rewards to the gameplay!

Free Spins

Reveal 3 or more brilliant golden stags to unlock 12 free spins, with 2 extra spins for every Scatter beyond the third. During Free Spins, the win multiplier starts at 1 and climbs higher with every Coin that appears. If the Hold and Spin feature is not triggered, each Coin stays locked in place, building anticipation for the next spin. Land 3 or more Scatters again during Free Spins to earn 4 additional spins, plus 2 more for every extra Scatter.

Bonus Buy

Are you ready to chase the Big Bucks? Tap the Bonus Buy icon and dive straight into the action - unlock Hold and Spin for just 35x your stake or unleash 12 free spins for 100x your stake.
