A BLEND OF CLASSIC COIN PUSHER AND LIVE CASINO EXCITEMENT

Introducing Coin Rush Pro, a captivating addition to the EZ Arcade portfolio! Revolutionising the live casino experience worldwide, Coin Rush Pro brings the nostalgic charm of arcade games straight to players at home or on the move.

Coin Rush Pro adapts the familiar and much-loved Coin Pusher arcade game, blending its classic elements with live casino features for an engaging and interactive experience, offering multipliers up to 100x.

In this single-player game, you take control of a coin cannon, launching coins onto the playfield. As the game progresses, coloured payout chips are

randomly pushed onto the tray, adding an element of chance to the gameplay. With each coin launch, newly deposited coins push the accumulated coloured payout chips forward.

You eagerly wait in suspense as payout chips teeter over the coin ledge, rewarding you with enticing cash prizes upon their descent. Additionally, the excitement peaks with the appearance of special Bonus chips, which trigger a Bonus wheel. This wheel allows you to win either cash prizes or free game rounds, further enhancing the thrill of the game.
