## A CAPTIVATING TRADITIONAL GAME OF CHANCE AND STRATEGIC PREDICTION

Xoc Dia is a traditional Vietnamese game involving a set of four chips, each marked with a red and a white side. The chips are placed on a plate, covered with a bowl, and then shaken.

The goal is to predict the arrangement of the chips when the bowl is removed.

Players have several chip placement options to choose from, such as all red chips, all white chips, three red chips or three white chips, two red chips and two white chips, or combinations based on even (2 and 4) or odd numbers (1 and 3).

Xoc Dia combines elements of chance and prediction, offering a simple yet engaging gaming experience. Its origins in Vietnamese culture make it a unique and authentic game that reflects traditional gaming practices.
