Game Description

Twin Spin MegaWays™ is one of NetEnt's first MegaWays™ titles. The game is a 6-reel MegaWays™ video slot with the Twin Reel feature, Free Spins, and the Avalanche™ feature. We've combined these great features with explosive results! The look and sound of the game are replicated from the original: smooth jazz, retro graphics, and an overall land-based casino feel that's very simple and entertaining. You'll love it!
