

Game Description

NetEnt proudly presents *Druids' Dream*[™] - a 5-reel, 4-row, Win Both Ways video slot featuring Re-Spins with Wild Charge and Nudge features along with Free Spins. The game is set within the Druids' magic forest, where two Druids summon the spirit of the Wild Bear.

The main attraction of the game is the Scatter symbols: two Druids dwelling in the Enchanted Forest. Whenever one of them appears on the reels with a stack of Wild symbols, the Wild Charge feature is activated. Once charged with the Druid's magic, every Wild awards a Re-Spin and remains on the reels together with the Scatter.

During the Re-Spins, the Nudge feature can be activated for a chance to land the second Scatter. If two Druids unite their powers, Free Spins begin, with each charged Wild bringing an additional Free Spin. Even more of those can be earned if the players manage to summon the Wild Bear spirit acting as the third Scatter. A vibrant color scheme combined with relaxing Celtic tunes makes *Druids' Dream*[™] the perfect game to tune out and unwind after a busy day.
