

Butterfly 2 STAXX

Game Description

You've already seen the mystical butterflies that filled your screen in Butterfly Staxx™. Now, NetEnt takes you back into that enchanted world once again with its latest offering - Butterfly Staxx 2™!

In this new version of Butterfly Staxx™, you have the chance to open up more reel areas during features – up to 3 reel areas in fact. That's 3 reel areas on a single wager! The game also contains two brilliant bonus games: Butterfly Spins and Butterfly Frenzy. In Butterfly Spins, active Cocoon symbols land onto the reels and some turn into beautiful butterflies which offer payouts. In Butterfly Frenzy, the standard pick-and-click is taken to new exciting levels.

Like the original Butterfly Staxx™, the game is a 5-reel, 4-row, 40-fixed line video slot featuring Wild substitutions and Re-Spins, but with way more fluttering butterflies and colourful flowers for you to enjoy. Step inside this gorgeous slot and discover a world beyond your wildest dreams.
