GAME FEATURES

Diamond Wilds and Symbol Upgrade Ladder

Diamond Wilds appear on reels 2, 3, and 4. They substitute for all paying symbols and contribute to the Symbol Upgrade Ladder. The game features a 30-spin cycle, with a counter tracking progress. Landing Diamond Wilds fills steps on the ladder, which upgrades lower-paying symbols into higher-paying ones. Each level of the ladder has 3 steps to complete, progressing from the lowest to the highest-paying symbols. Upgrades occur before line wins are calculated. At the end of the cycle, progress resets, and symbols return to their original state.

Free Spins

Free Spins are triggered by landing 3 or more Free Spins scatters anywhere on the reels. Landing 3, 4, or 5 scatters awards 9, 12, or 20 free spins, respectively. Additional scatters during the feature can retrigger 9, 12, or 20 extra spins.

All symbol upgrades remain active during Free Spins, and any Diamond Wilds landed continue to progress the Symbol Upgrade Ladder as they do in the base game. At the end of the Free Spins, any progress made on the ladder is transferred back to the base game.

About Red Tiger Jackpots

Like all Red Tiger slots, Diamonds Up may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 90.06% RTP and adding a 1% jackpot contribution gives an overall RTP of 91.06%. The RTP of the jackpot contribution itself is 100%.
