GAME SUMMARY

The mythical beasts of ancient times guard great riches, just waiting to be unlocked. Hit a win line on one of the top-paying Ancients, and the winning symbols will lock for the next spin and add a win multiplier. As long as win lines are added to or new top-paying symbol win lines are formed, the symbol locks and win multipliers will continue. Those win multipliers can build to over 20x when the Ancients' Blessing is at its most bountiful!

Highlights

- ★ The five highest paying symbols always lock into place for the next spin for the chance to increase the win
- ★ Ancient Supremacy modifier strikes at random to remove low-paying symbols from the reels
- ★ Top-paying symbol win multiplier increases with each consecutive win and can build to over 20x

ANCIENTS' BLESSING

Carved stone dragons against a stormy night sky frame the reels of the Ancients' Blessing. The ancient mythical beasts which make up the five top-paying symbols are the all-powerful Dragon, the lethal Manticore, the petrifying Medusa, triple-headed guardian of hell Cerberus and the monstrous, venomous Hydra. Tame these beasts with consecutive wins to build the multiplier and win big!

ANCIENT SUPREMACY

At random, all low paying symbols will be destroyed and subsequent cascades will contain only the high paying Ancients!
