GAME FEATURES

Wheel Bonus

The Wheel Bonus scatter symbol exclusively appears on the middle reel. When it lands, it triggers the Wheel Bonus feature. During this bonus round, spin the wheel to receive the prize indicated by where it stops. The sectors of the wheel contain stake multiplier prizes.

Wheel Respin

Certain sectors on the wheel feature a respin icon alongside the prize. If you land on a sector with this respin icon, you not only receive the awarded prize but also earn an extra spin on the same wheel.

Wheel Upgrade

Above the reels, there's a progress bar divided into 2 stages, each containing 3 lights. When you trigger the Wheel Bonus game, one of these lights activates. Once all 3 lights within a stage are illuminated, a new wheel is unlocked in the game. This process can unlock 2 new wheels: the Super Wheel and the Mega Wheel.

Unlocking the Super Wheel results in 2 sectors on the base wheel transforming into green Upgrade sectors. These sectors not only award a prize but also provide an extra spin on the Super Wheel.

Once the Mega Wheel is unlocked, Upgrade sectors also appear on the Super Wheel, granting an additional spin on the Mega Wheel.

The base wheel holds the following prizes: 5x, 10x, 15x.

The Super Wheel holds the following prizes: 10x, 15x, 20x, 25x, 30x, 40x, 50x.

The Mega Wheel holds the following prizes: 30x, 40x, 50x, 60x, 80x, 100x, 200x, 300x, 500x, 1000x.

Prize Multiplier Reel

Both the Super Wheel and the Mega Wheel include a multiplier reel positioned above them. This reel displays a random assortment of multiplier values, including 2x, 3x, 4x, 5x, 10x, and 20x, as well as a diamond shape indicating an empty position. When the wheel spins, the multiplier reel also rotates simultaneously. If the wheel lands on a multiplier, the prize from the corresponding sector is multiplied accordingly.

About Red Tiger Jackpots

Like all Red Tiger slots, Ultra Rich may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 90.09% RTP and adding a 1% jackpot contribution gives an overall RTP of 91.09%. The RTP of the jackpot contribution itself is 100%.
