GAME FEATURES

Chain Reaction

Winning combinations are formed by aligning matching symbols from the leftmost reel to the right on adjacent reels. When a winning combination occurs, the symbols involved vanish, creating space for fresh symbols to cascade into place, potentially triggering additional wins.

Cash Safes

Cash Safes scatters can land anywhere on the reels. These non-paying scatters hold random cash prizes unlockable by the Heist Master or Hold-Up Artist.

Hold-Up Artist Scatter

A single Hold-up Artist scatter, when landing with visible Cash Safes, unlocks and reveals their prizes, awarding the total sum of all Cash Safes prizes.

Heist Master and Heist

The Heist Master, a powerful scatter symbol, triggers instant prizes when landing on any reel. During the Heist, Cash Safes lock in place along with the Heist Master, allowing for unlimited respins. Complete a reel with Cash Safes to earn multipliers (x2 - x7), which combine if multiple reels fill up. When the Heist ends, all Cash Safes unlock, revealing prizes. The total prize is the sum of Cash Safes multiplied by Heist Multipliers. The Heist concludes when all reels are filled with Cash Safes or triggered by the Rivalry feature.

Rivalry

Triggered by Scarlet Rogue during a Heist, with one per reel. Scarlet Rogue activates the Rivalry Wheel, which has 6 green sectors. Each Scarlet Rogue symbol turns a sector red, up to 5. A green sector continues the Heist, while a red one ends the bonus round.

Feature Buy

- 1) Hold-Up Artist: Guaranteed Hold-Up Artist and Cash Safe symbols for 10x the stake.
- 2) Heist: Guaranteed Heist Master and entry into the Heist bonus round for 60x the stake.

About Red Tiger Jackpots

Like all Red Tiger slots, Vault Cracker Megaways™ may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 90.13% RTP and adding a 1% jackpot contribution gives an overall RTP of 91.13%. The RTP of the jackpot contribution itself is 100%.
