

# Enter the Age of Akkadia

Red Tiger proudly presents Age of Akkadia, a 5x5 slot game based on the first empire of ancient Mesopotamia. The game is packed with Akkadia Wilds, Hidden Multipliers, and a variety of winning combinations that make it a jewel amongst slots.

Symbols based on two deities are high-paying, and hold the secret to unimaginable riches. When these two symbols combine in a bet-line win, a wild symbol is created that remains on the reels for the next spin. Mysterious letters beneath the reels spell out the word bonus, revealing this triggers free spins! Civilizations rise and fall, but this one is not done yet!

## GENERAL INFORMATION

<b>Game Type</b>	Video Slot

<b>Jackpot Contributions</b>	1%, 2%, 3%, 4%, 5%, 6%

### About Red Tiger Jackpots

Like all Red Tiger slots, Age of Akkadia may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 94.72% RTP and adding a 1% jackpot contribution gives an overall RTP of 95.72%. The RTP of the jackpot contribution itself is 100%.

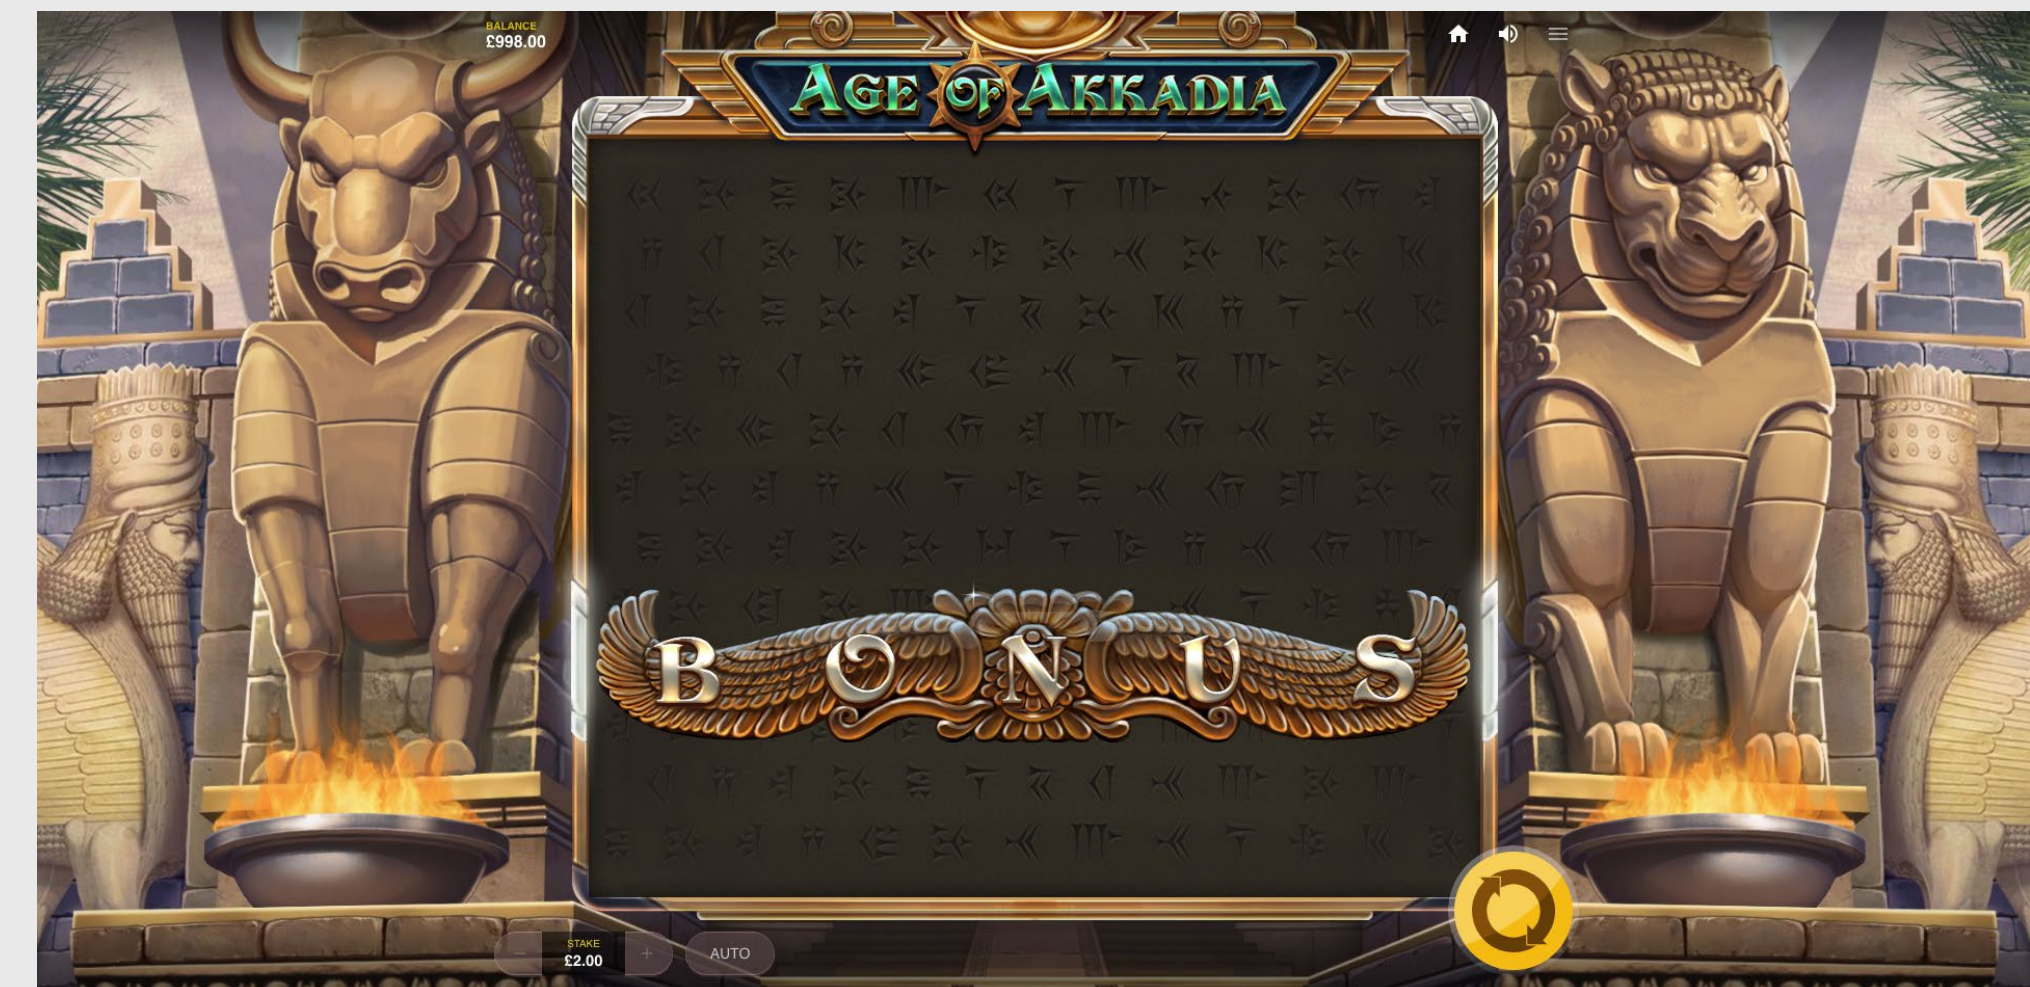

## FEATURES IN THE GAME

### AKKADIA WILDS

WILD symbols substitute for all paying symbols. When high-paying symbols form a combination one WILD symbol will be created in the middle, and will remain on the reels for the subsequent cascade. Combinations formed only of WILD symbols do not leave a WILD in the middle after the win has been awarded.

### FREE SPINS

The BONUS text can be seen during each spin behind one of the three lowest rows. When the BONUS text is revealed fully, 10 FREE SPINS are won. Revealing the BONUS text during FREE SPINS awards 5 BONUS SPINS.

## FEATURES IN THE GAME

### HIDDEN MULTIPLIERS

On each FREE SPIN up to three hidden multipliers will appear behind the symbols, each with a value of up to 10x. Revealing a multiplier will add it to a rising win multiplier that remains for the duration of FREE SPINS and applies to each Winning Combination. The rising multiplier can go up to 30x.
