GAME FEATURES

Stacked Wilds

Wilds land in stacks on reels 2, 3, 4, and 5, substituting for all paying symbols. When a stacked Wild contributes to a win, only the lowest visible Wild in the stack disappears. The remaining Wilds stay locked in place alongside non-winning symbols. During the next chain reaction, the locked Wilds drop down to fill the empty positions, with the new lowest Wild unlocking for the next cascade.

Free Spins

Landing 3 or 4 Free Spins scatters awards 5 or 10 free spins, respectively, with all wins during the feature doubled. In each spin, a full stack of Wilds covers all positions on a random reel (2, 3, 4, or 5). When this stack begins to disappear during cascades, the symbols that drop from above can be of any type available on the reel strip. Additional stacks of wilds can also land naturally during Free Spins, just as they do in the base game. Landing 3 or 4 Free Spins scatters during the feature awards 5 or 10 extra free spins, with no limit to how many times the feature can retrigger.

Feature Buy

Free Spins: guaranteed to land 3 or more Free Spins scatters for 70x the stake.

About Red Tiger Jackpots

Like all Red Tiger slots, Wolf Stacks Megaways™ may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 90.15% RTP and adding a 1% jackpot contribution gives an overall RTP of 91.15%. The RTP of the jackpot contribution itself is 100%.
