GAME FEATURES

Wilds and Spooky Coins

Wilds substitute for all paying symbols and count as the symbol which forms the longest winning combination on a single pay line. Wilds come with Spooky Coins which are stored in the progress bar. When 5 are collected a random symbol type will be swapped for Wilds on the following spin. If the progress bar is full, excess coins are saved for the next spin.

Free Spins

Landing 3 Free Spins symbols on reels 1, 3, and 5 will give you 10 free spins. Symbols transformed into Wilds stay that way throughout the bonus round. Previously earned Spooky Coins become active during Free Spins, potentially granting an extra 3 free spins when all 5 are collected in the progress bar. Any leftover Spooky coins above the reels after the final free spin shift back into the base game.

About Red Tiger Jackpots

Like all Red Tiger slots, Spooky Carnival may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 90.13% RTP and adding a 1% jackpot contribution gives an overall RTP of 91.13%. The RTP of the jackpot contribution itself is 100%.
