GAME FEATURES

Chain Reaction

Symbols forming wins disappear, making way for new symbols to drop in that may form new wins.

Cannonball Ladder

In the regular game, a ladder with 9 levels is visible to the right of the reels. Each time you achieve a winning combination in a spin, you advance 1 step up the ladder. Once you reach the 3rd step and beyond, every consecutive win grants you a pick in the Cannonball Bonus. Additionally, picks obtained at higher steps of the ladder come with a multiplier. The awards on the ladder are as follows:

- Step 3: 1 choice
- Step 4: 1 choice with x3 Multiplier
- Step 5: 1 choice with x5 Multiplier
- Step 6: 1 choice with x10 Multiplier
- Step 7: 1 choice with x20 Multiplier
- Step 8: 1 choice with x50 Multiplier
- Step 9 and more: 1 choice with x100 Multiplier.

The progress on the ladder is reset on each spin.

Cannonball Bonus

As the bonus round commences, all symbol positions on the reels transform into selectable cannons. Each step attained from level 3 and beyond on the Cannonball Ladder grants an opportunity to fire 1 of the 15 cannons, resulting in a cash prize. The player utilizes all selections earned from the Cannonball Ladder in the sequence they were obtained. Selecting a cannon reveals a random cash prize, representing a stake multiplier. Selections associated with a multiplier have that multiplier applied to the cash prize they reveal. There are 15 prizes in total available in the bonus round:

- 4 prizes of 1x the stake
- 3 prizes of 2x the stake
- 2 prizes of 3x the stake
- 3 prizes of 5x the stake
- 1 prize of 10x the stake
- 1 prize of 15x the stake
- 1 prize of 25x the stake

Wilds

The Wild substitutes for all paying symbols and can land only on reels 2, 3 and 4.

Free Spins

When you land 2 Free Spins scatters on reels 1 and 5, you get 8 free spins. If you land 2 Free Spins scatters during the bonus round, you'll receive an extra 8 spins.

During Free Spins, Wilds don't disappear. Instead, after each spin and once wins are paid, all Wilds that showed up are grouped together in the middle position of the 3rd reel and remain locked there for the whole bonus round. Each additional Wild that joins after the first 1 boosts the symbol Multiplier of the central Wild by 1 for the entire duration of Free Spins. The Wild counts for as many symbols as the Multiplier shown in the win ways calculation.

The Cannonball Bonus is not active during Free Spins.

Feature Buy

About Red Tiger Jackpots

Like all Red Tiger slots, Cannonball Cash may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 90.12% RTP and adding a 1% jackpot contribution gives an overall RTP of 91.12%. The RTP of the jackpot contribution itself is 100%.
